January 25, 2019

Happy Friday! What a wonderfully wintery week! School was closed Monday in observance of Dr. Martin Luther King, Jr. Day. GSTEMA would like to give a big shout out to 8th graders, Brinnen Mcleod and Anthony White, as well as Mr. Harris, Mrs. Smiley, Ms. Walker, and Mrs. Walker for volunteering at the United Way of Genesee County's 2019 MLK Day of Service as they joined 500 other volunteers to put together 120,000 meals to fight hunger within Genesee County.

School was then closed on Wednesday and Thursday due to inclement weather. **It was a very short week but many Genesee STEM students refused to stop learning.** Many of our students decided to continue learning from the comfort of their own homes on Study Island. Our school has earned over **1,081** Study Island blue ribbons in the last 3 weeks. Our students are striving for excellence and working hard to become the best students in the state of Michigan! The Study Island contest ends on January 31, 2019.

****REMINDER: Parent Teacher Conferences have been rescheduled for Wednesday, January 30 and Thursday, January 31 from 4-7:30 p.m. Our goal is to meet with **100%** of our parents.

All K-10th grade students will take the winter NWEA MAP test in one week. This is our time to shine! All students are expected to demonstrate growth and reach their target score. Please contact the school to speak with your child's teacher about their current score and goal. Parents, please encourage your child to demonstrate excellence.

Michigan winter weather is in full effect! Remember to watch ABC12, TV5, TV25 news or call the school for school closings due to inclement weather.

Important Dates

January 29 - Parent Ambassador Meeting 4:00-5:00 p.m.
January 30 and January 31 - Parent Teacher Conferences 4:00-7:30 p.m.
February 5 - NWEA MAP testing begin
February 13 - Spring Count Day
February 18 – President's Day (No School)

Stay warm and safe!

Kimberly Coulter

Genesee STEM Academy Mission

The mission of Genesee STEM Academy is to provide a safe, nurturing environment for students to develop a passion for lifelong learning, a strong academic foundation, and exposure to the key fields of science and technology, engineering, and math.
